Subject: Christmas in Hollywoodland: IMPORTANT UPDATE

TODAY, MONDAY DEC. 28TH, CONDITIONS ON UPPER BEACHWOOD DRIVE ARE UNSAFE.

I am requesting that you shut down access to Beachwood Drive and Hollywoodland. I have not driven around the rest of the neighborhood, but I have walked Beachwood Drive north of Ledgewood. It is dangerous. Even our former Councilman would shut things down when they reached these conditions. Will you not do the same?

Upper Beachwood is now one mass parking lot with moving vehicles and pedestrians fighting for space in the narrow area that is left as heavy traffic comes in unpredictable waves. I just saw a man with his very young son walking down the street with a line of eight cars crawling behind them because there is no room. (When I told them about the Canyon Drive entrance with parking lots near wide streets with sidewalks and other infrastructure they were livid!!)

I see a lot more trespassing onto private property including my own because of the lack of space for pedestrians. They are not pleasant when I tell them to move.

For the most part activity up here is legal, but DANGEROUS. WE HAVE NO INFRASTRUCTURE TO ACCOMMODATE ALL OF THESE PEOPLE. THAT IS WHY YOU MUST SHUT DOWN THE MAGNETS OR SHUT DOWN THE NEIGHBORHOOD. You are now responsible for these conditions, and you have the power to make it safe.

Subject: Re: Christmas in Hollywoodland

I just came in from outside. The DOT officer came in response to my call to ticket the cars. One he did not ticket because a person was sitting inside it which I mentioned is the new thing. Instead he gave the person several warnings, was about to ticket him, when his friends returned, so he got off. But he had been there for quite a while before enforcement showed up. The limo also got away. While I was outside in the dark I counted almost 50 people walking in the street including almost a dozen kids and a baby stroller. You think conditions here are safe and acceptable? Why do you continue to promote this? Do I keep repeating myself? If so, it is because I am only responding to what I keep seeing.

My husband and I left for a few hours to escape all of the people. We just got back to find **FIVE ILLEGALLY AND UNTICKETED CARS parked in front of our house!!!!** Where is all of this increased enforcement that our tax dollars are paying for? One of them is even a limo. Again look how dark it is and all of these people are still walking around in the street with lots of kids. **THIS ALL HAS TO END BEFORE THAT TRAGEDY HAPPENS.** So far this holiday has been a mismanaged mess!!!

I notice that in a construction zone there are signs posted to the effect that fines for any infraction of traffic laws will be double the usual amount. Maybe instead of Caution on the electronic signs down on Beachwood we should put that same warning.

Ignorance of the law does not pardon the illegal action

There seems to be a double standard with regard to enforcement of any of the traffic or fire code violations with our LAPD.

I was in my front garden when I heard an officer asking a visitor/tourist to move on that he was parked illegally in a red no stopping zone. The tourist already out of his car tried to debate with the officer that there was no other suitable place to park so he could just take a picture, the officer let him know that if he wrote him up a ticket it would be about \$300 and asked him graciously to move on. I yelled out...Give him the ticket! How else are we to have some order up here if everyone just gets a slap on the hand when they obviously disregard the law when there are signs posted everywhere. If he had gotten the ticket, You know that young tourist would have been upset enough to post it on Instagram or facebook alerting everyone with a copy of his \$300 ticket stating.....it's not worth it!

I was parked with the car running a while back in front of the market to drop off my dry cleaning and a traffic officer hidden behind the parking lot came to give me a ticket, even though I was already back in my car by the time he got there. There was no free pass for me a resident I paid the \$100 ticket and that cured me from trying that again. While I appreciate the work the officers are doing up here today, if someone is parked illegally, or smoking, they need to enforce with the applicable tickets and fines they do not need to give anyone a free pass

Subject: Christmas in Hollywoodland

I want to give you my Christmas Day report from our neighborhood particularly since you have made the effort and covered the expenses for additional manpower, and you asked for input.

My husband and I went for a drive through the city where everything was closed. It was quiet and there was no traffic. Do you want to know where everyone was? Well not everyone, but thousands who wanted something to do on Christmas rather than staying at home. They were here. We're open 24 hours a day, 365 days a year and this amusement park is free!! That is free to the visitors, but not the taxpayers that have to pay for enforcement that doesn't even scratch the surface for what's really needed, and whose cost will be a drop in the bucket compared to lawsuit payments when that pedestrian gets killed or our houses burn down. Needless to say we were not having a quiet holiday with our families. We never get a day off.

I drove around our neighborhood to see what was going on. I can only report on what I saw at that time—conditions at other times and other locations could have been better or could have been worse. I just know the visitors come in unpredictable waves.

Westshire Drive—I saw over a dozen illegally unticketed cars—some without permits and some parked in front of no parking signs. I reported it to LAPD that was sitting at the end of Beachwood. They said they would contact parking enforcement.

Deronda—The barricades were knocked over. Cars were going up Deronda. I only went as far as Deronda and Rockciff because I was afraid of being stuck at the end of Deronda. The car in front of me and the car behind me went up there though, so I can only imagine that it was a mess.

Dirt Mullholland—I saw about a half a dozen cars around the entrance. Some had a

driver sitting in the car while it was illegally parked waiting for others. This is a new phenomenon that I'm also seeing on Beachwood as people try to get around the no parking signs. I did not park to see what was going on past the barricades because there is no legal place to park, but if it was typical, things there were probably pretty wild.

The View Site—It was filled with hundreds of people and looked like a concert had just let out. The crowds extended from the lower park area where a ranger was standing all the way to the corner of Durand and Mulholland. The view site is no longer just that spot but a whole area that keeps growing and getting worse. I saw LAPD at the top of the hill. Even with enforcement there were illegally parked cars facing the wrong way, and people walking in the street along narrow Mulholland with dogs and baby strollers. Some of this extremely dangerous activity was out of view of LAPD because of all of the blind curves. Enforcement was for the most part inadequate.

Beachwood Drive—It had very heavy car traffic and many, many pedestrians— all in the street. Several times during the day I saw unmarked oversize vans carrying groups of people up the street. I had to call parking enforcement several times just about cars parked illegally in front of my house. In the midst of gusty winds we had to tell people to put out their cigarettes. In an earlier email we had been told by LAFD that the fire danger was low with recent rains. That didn't help the situation a few hours later when a dangerous fire broke out and closed the 101 in Ventura. Of course we didn't have 50 mile per hour winds, but on the other hand we did have significant gusts with people smoking just feet away from homes. The end of Beachwood at Hollyridge was gridlocked as a line of cars waited to turn around at the park entrance. If anyone needed to get up there in an emergency, they would have had much difficulty and delay. Lower Beachwood was filled with parked cars and I experienced delay there because the street is so narrow and people were looking for parking places and trying to park. After dark dozens of visitors walked down in the street.

TODAY, Saturday afternoon, what I witnessed was even worse everywhere because **the crowds were even larger** except at dirt Mulholland where a DOT officer was stationed so I saw no cars blocking that area. What was going on past the blockades I do not know since additional enforcement is needed there to prevent the frequent trespassing and smoking. I did not check on Westshire. As for Deronda, the barricades were up, but at the other end by Rockliff were several cars illegally parked by no parking signs. The view site was a horrible mess. A ranger sat in his car by the park. People were now climbing across the street, trying to get over fences. We got caught up in gridlock on Canyon Lake Drive. I saw two LAPD officers watching the crowds and chaos. As for Beachwood, it had an unbelievable number of cars gridlocking the end and a constant stream of pedestrians walking in the streets— so many, that at times they were preventing vehicular traffic. At the end of the day when it was dark after 5, they kept coming and illegally parking. My husband is always afraid when he sees me getting car info and the driver is around. As he says "we don't know where they live, but they know where we live." He is afraid of retaliation. And he's right, because right now we have to do a lot of our own enforcement. We should not have to live like this.

Again, if you think this is an enforcement problem, you need dozens of people up here to do it properly. It's what would be required at any other amusement park or they would be shut down for unsafe conditions by the authorities. And in addition so much of what is dangerous here, you cannot ticket. Thousands of pedestrians in public streets is not safe, and smoking all over this entire neighborhood is a huge problem. The only solution therefore is to shut this all down. Why do you insist on keeping this open? Please give me an answer to what everyone including the enforcement people up here keep asking. I have yet to get an answer that makes any sense. The longer you keep this all open, the worse it gets.. This is the opposite of safety being the priority that you promised us.

On Dec 31, 2015, at 11:08 AM, Laura Davis <[REDACTED]@lauradavisproductions.com> wrote:

Dear Councilman Ryu, Sarah and colleagues,

Like Sarajane, I'm encouraged by the many LAPD, traffic control and parking enforcement officers I see today. Thank you for listening and recognizing that neighborhood safety concerns are not exaggerated. I hope the officers will give tickets rather than warnings. Word of mouth that violators are being ticketed will spread on social media and will, one hopes, encourage responsible behavior on the part of visitors.

One suggestion between today and tomorrow: The officers at the intersection of Beachwood and Ledgewood were unaware of the park's nearby legal entrances. This is not their usual beat, and in the words of one, "It's all Greek to me." I told them about Bronson, Fern Dell and Crystal Springs all of which have parking, toilets and drinking water, and they promised to direct folks to one of those entrances. Is it possible to spread the word so that all of the officers assigned to our area have that information?

Thanks, too, to Heather for reminding us of the City Council resolution that gives CD4 the authority to close things down when our safety is severely compromised. It seems to me that there would be nothing controversial about enforcing a resolution that is already in place on the recommendation of LAPD and LAFD.

Happy New Year to all!

Laura

Dear Sarah and Captain Zarccone,

I appreciate your response in sending Officer Hanna and Officer Ho to my home. I thought they both are very fine representatives of LAPD, and I hope they will be in our neighborhood for as long as needed.

I want to share with the other residents on this thread that they told me they had written a lot of citations today and earlier in the day had even made an arrest. We need several dozen like them here in the neighborhood. Thank you again.

Subject: Re: Christmas in Hollywoodland: IMPORTANT UPDATE

I WAS JUST THREATENED AND I WANT THIS MATTER LOOKED INTO!

There were several cars picnicking and tailgating in the street with people in the street across from my house. I was filming the activity. They told me to stop. I did not. They then pointed to my address and said "we know where you live." There were further verbal exchanges. Later when I photographed their license plate they became aggressive again. I saw a DOT vehicle and stopped him. He said there was nothing he could do and told me to call 911. I called the ranger station instead thinking that that would be faster. They said they would send someone. They never came. While I was outside waiting Joe Salaices happened to drive by, and we spoke about it and other park issues.

No one should have to live under these conditions. This is my home and I shouldn't have to be enforcing traffic, fire, smoking, and other City regulations. Shame on you! There is no buffer between the park and residential property, and there is no buffer between residents and visitors. This is a ticking time bomb. This entire situation is inappropriate and dangerous. It's like every

day you say to us you're not allowed to lock your houses, doors, windows. You're not allowed any safeguards. You must live with the anxiety, and every day and night when you get through and you haven't been robbed or beat up, the City considers it a success. The City just keeps spinning the chamber of that gun playing Russian Roulette thinking all of this is acceptable.

It is not! Let me make this clear. The visitors are not the problem. The City is. Councilman Ryu you have the power to shut all of this down. We are pleading with you to do it before the explosion—not afterwards.

Wednesday, Dec. 30, 2015

The vehicular and pedestrian traffic continues to overwhelm our neighborhood.

I just returned home. I got stuck in gridlock on Beachwood. Then there was a line of cars in each direction filling our narrow streets. After a while I just barely was able to turn into my driveway.

Add pedestrians, parked cars, children, infants, and strollers to the mix.

Where else is there a nationally promoted tourist magnet in the middle of a residential extremely high fire risk neighborhood where no parking has been provided, and there aren't even sidewalks with substandard streets???? I want to remind you that this is a residential neighborhood—not a park or an amusement park. This is beyond incompetence. THIS IS UNSAFE. SHUT IT DOWN!!!

Tuesday Dec 29th 2015

The crowds and chaos continue today with enormous numbers of people in the streets fighting for room with parked and moving vehicles.

The fence on my property was again broken by visitors.

Across the street people with an SUV parked entirely in the red except for their front bumper were doing a tailgate and picnicking in the street. I stopped a parking enforcement car, and told them where they were so they could be ticketed. Instead he drove past them twice. I then saw LAPD and told them. They went over, gave him a warning after he had been parked there over a half an hour and had him move. What is our tax payer money going for if enforcement will not ticket tourists? What a waste of resources. I was hopeful that Labonge's "go easy on the tourists policy" had come to an end.

Subject: Christmas in Hollywoodland: IMPORTANT UPDATE

TODAY, MONDAY DEC. 28TH, CONDITIONS ON UPPER BEACHWOOD DRIVE ARE UNSAFE.

I am requesting that you shut down access to Beachwood Drive and Hollywoodland. I have not driven around the rest of the neighborhood, but I have walked Beachwood Drive north of Ledgeewood. It is dangerous. Even our former Councilman would shut things down when they reached these conditions. Will you not do the same?

Upper Beachwood is now one mass parking lot with moving vehicles and pedestrians fighting for space in the narrow area that is left as heavy traffic comes in unpredictable waves. I just saw a man with his very young son walking down the street with a line of eight cars crawling behind them because there is no room. (When I told them about the Canyon Drive entrance with parking lots near wide streets with sidewalks and other infrastructure they were livid!!)

I see a lot more trespassing onto private property including my own because of the lack of space for pedestrians. They are not pleasant when I tell them to move.

For the most part activity up here is legal, but DANGEROUS. WE HAVE NO INFRASTRUCTURE TO ACCOMMODATE ALL OF THESE PEOPLE. THAT IS WHY YOU MUST SHUT DOWN THE MAGNETS OR SHUT DOWN THE NEIGHBORHOOD. You are now responsible for these conditions, and you have the power to make it safe.

I just came in from outside. The DOT officer came in response to my call to ticket the cars. One he did not ticket because a person was sitting inside it which I mentioned is the new thing. Instead he gave the person several warnings, was about to ticket him, when his friends returned, so he got off. But he had been there for quite a while before enforcement showed up. The limo also got away. While I was outside in the dark I counted almost 50 people walking in the street including almost a dozen kids and a baby stroller. You think conditions here are safe and acceptable? Why do you continue to promote this? Do I keep repeating myself? If so, it is because I am only responding to what I keep seeing.

My husband and I left for a few hours to escape all of the people. We just got back to find **FIVE ILLEGALLY AND UNTICKETED CARS parked in front of our house!!!!** Where is all of this increased enforcement that our tax dollars are paying for?
One of them is even a limo. Again look how dark it is and all of these people are still walking around in the street with lots of kids. **THIS ALL HAS TO END BEFORE THAT TRAGEDY HAPPENS.** So far this holiday has been a mismanaged mess!!!

I notice that in a construction zone there are signs posted to the effect that fines for any infraction of traffic laws will be double the usual amount. Maybe instead of Caution on the electronic signs down on Beachwood we should put that same warning.

Ignorance of the law does not pardon the illegal action

There has always been a double standard for tourists. Rangers were told to just give warnings under La Bonge's regime. I think they are operating under the same old rule because nothing since has been mandated.

On Dec 27, 2015, at 3:29 PM, Rose Ware <[REDACTED]> wrote:

There seems to be a double standard with regard to enforcement of any of the traffic or fire code violations with our LAPD.

I was in my front garden when I heard an officer asking a visitor/tourist to move on that he was parked illegally in a red no stopping zone. The tourist already out of his car tried to debate with the officer that there was no other suitable place to park so he could just take a picture, the officer let him know that if he wrote him up a ticket it would be about \$300 and asked him graciously to move on. I yelled out...Give him the ticket! How else are we to have some order up here if everyone just gets a slap on the hand when they obviously disregard the law when there are signs posted everywhere. If he had gotten the ticket, You know that young tourist would have been upset enough to post it on Instagram or facebook alerting everyone with a copy of his \$300 ticket stating.....it's not worth it!

I was parked with the car running a while back in front of the market to drop off my dry cleaning and a traffic officer hidden behind the parking lot came to give me a ticket, even though I was already back in my car by the time he got there. There was no free pass for me a resident I paid the \$100 ticket and that cured me from trying that again. While I appreciate the work the officers are doing up here today, if someone is parked illegally, or smoking, they need to enforce with the applicable tickets and fines they do not need to give anyone a free pass

Subject: Christmas in Hollywoodland

I want to give you my Christmas Day report from our neighborhood particularly since you have made the effort and covered the expenses for additional manpower, and you asked for input.

My husband and I went for a drive through the city where everything was closed. It was quiet and there was no traffic. Do you want to know where everyone was? Well not everyone, but thousands who wanted something to do on Christmas rather than staying at home. They were here. We're open 24 hours a day, 365 days a year and this amusement park is free!! That is free to the visitors, but not the taxpayers that have to pay for enforcement that doesn't even scratch the surface for what's really needed, and whose cost will be a drop in the bucket compared to lawsuit payments when that pedestrian gets killed or our houses burn down. Needless to say we were not having a quiet holiday with our families. We never get a day off.

I drove around our neighborhood to see what was going on. I can only report on what I saw at that time—conditions at other times and other locations could have been better or could have been worse. I just know the visitors come in unpredictable waves.

Westshire Drive—I saw over a dozen illegally unticketed cars—some without permits and some parked in front of no parking signs. I reported it to LAPD that was sitting at the end of Beachwood. They said they would contact parking enforcement.

Deronda—The barricades were knocked over. Cars were going up Deronda. I only went as far as Deronda and Rockciff because I was afraid of being stuck at the end of Deronda. The car in front of me and the car behind me went up there though, so I can only imagine that it was a mess.

Dirt Mullholland—I saw about a half a dozen cars around the entrance. Some had a driver sitting in the car while it was illegally parked waiting for others. This is a new phenomenon that I'm also seeing on Beachwood as people try to get around the no parking signs. I did not

park to see what was going on past the barricades because there is no legal place to park, but if it was typical, things there were probably pretty wild.

The View Site—It was filled with hundreds of people and looked like a concert had just let out. The crowds extended from the lower park area where a ranger was standing all the way to the corner of Durand and Mulholland. The view site is no longer just that spot but a whole area that keeps growing and getting worse. I saw LAPD at the top of the hill. Even with enforcement there were illegally parked cars facing the wrong way, and people walking in the street along narrow Mulholland with dogs and baby strollers. Some of this extremely dangerous activity was out of view of LAPD because of all of the blind curves. Enforcement was for the most part inadequate.

Beachwood Drive—It had very heavy car traffic and many, many pedestrians— all in the street. Several times during the day I saw unmarked oversize vans carrying groups of people up the street. I had to call parking enforcement several times just about cars parked illegally in front of my house. In the midst of gusty winds we had to tell people to put out their cigarettes. In an earlier email we had been told by LAFD that the fire danger was low with recent rains. That didn't help the situation a few hours later when a dangerous fire broke out and closed the 101 in Ventura. Of course we didn't have 50 mile per hour winds, but on the other hand we did have significant gusts with people smoking just feet away from homes. The end of Beachwood at Hollyridge was gridlocked as a line of cars waited to turn around at the park entrance. If anyone needed to get up there in an emergency, they would have had much difficulty and delay. Lower Beachwood was filled with parked cars and I experienced delay there because the street is so narrow and people were looking for parking places and trying to park. After dark dozens of visitors walked down in the street.

TODAY, Saturday afternoon, what I witnessed was even worse everywhere because **the crowds were even larger** except at dirt Mulholland where a DOT officer was stationed so I saw no cars blocking that area. What was going on past the blockades I do not know since additional enforcement is needed there to prevent the frequent trespassing and smoking. I did not check on Westshire. As for Deronda, the barricades were up, but at the other end by Rockliff were several cars illegally parked by no parking signs. The view site was a horrible mess. A ranger sat in his car by the park. People were now climbing across the street, trying to get over fences. We got caught up in gridlock on Canyon Lake Drive. I saw two LAPD officers watching the crowds and chaos. As for Beachwood, it had an unbelievable number of cars gridlocking the end and a constant stream of pedestrians walking in the streets—so many, that at times they were preventing vehicular traffic. At the end of the day when it was dark after 5, they kept coming and illegally parking. My husband is always afraid when he sees me getting car info and the driver is around. As he says "we don't know where they live, but they know where we live." He is afraid of retaliation. And he's right, because right now we have to do a lot of our own enforcement. We should not have to live like this.

Again, if you think this is an enforcement problem, you need dozens of people up here to do it properly. It's what would be required at any other amusement park or they would be shut down for unsafe conditions by the authorities. And in addition so much of what is dangerous here, you cannot ticket. Thousands of pedestrians in public streets is not safe, and smoking all over this entire neighborhood is a

huge problem. The only solution therefore is to shut this all down. Why do you insist on keeping this open? Please give me an answer to what everyone including the enforcement people up here keep asking. I have yet to get an answer that makes any sense. The longer you keep this all open, the worse it gets.. This is the opposite of safety being the priority that you promised us.

Dear Councilman Ryu, Sarah and colleagues,

Thank you for the support provided today. It would be great to understand the coverage and enforcement strategy that will be provided into the evening hours.

The security guard at the top of Beachwood leaves at 6PM per the new hours and the trilogy lock engages the pedestrian gate at 7PM leaving this area unprotected in the dark for an hour. Will the security guard hours be extended this evening?

Likewise I imagine my neighbors and friends near the scenic point would appreciate coverage into the wee hours and the city going the extra mile for our safety this evening – happy and safe new year to all – christine

Subject: Re: Christmas in Hollywoodland: Thank you

Dear Councilman Ryu, Sarah and colleagues,

Like Sarajane, I'm encouraged by the many LAPD, traffic control and parking enforcement officers I see today.

Thank you for listening and recognizing that neighborhood safety concerns are not exaggerated. I hope the officers will give tickets rather than warnings. Word of mouth that violators are being ticketed will spread on social media and will, one hopes, encourage responsible behavior on the part of visitors.

One suggestion between today and tomorrow: The officers at the intersection of Beachwood and Ledge wood were unaware of the park's nearby legal entrances. This is not their usual beat, and in the words of one, "It's all Greek to me." I told them about Bronson, Fern Dell and Crystal Springs all of which have parking, toilets and drinking water, and they promised to direct folks to one of those entrances. Is it possible to spread the word so that all of the officers assigned to our area have that information?

Thanks, too, to Heather for reminding us of the City Council resolution that gives CD4 the authority to close things down when our safety is severely compromised. It seems to me that there would be nothing controversial about enforcing a resolution that is already in place on the recommendation of LAPD and LAFD.

Happy New Year to all!

Laura

DEAR COUNCILMAN RYU AND OTHER CITY REPS,
I JUST CAME FROM ENTERING HOLLYWOODLAND.
I SEE SO MANY CITY RESOURCES HERE THAT ARE BEING USED TODAY
TO SHELTER THIS AREA TO KEEP IT SAFE.
THANK YOU SO VERY MUCH.
WITH GREAT APPRECIATION,
SARAJANE SCHWARTZ

Dear Sarah and Captain Zarcone,

I appreciate your response in sending Officer Hanna and Officer Ho to my home. I thought they both are very fine representatives of LAPD, and I hope they will be in our neighborhood for as long as needed.

I want to share with the other residents on this thread that they told me they had written a lot of citations today and earlier in the day had even made an arrest. We need several dozen like them here in the neighborhood. Thank you again.

Subject: Re: Christmas in Hollywoodland: IMPORTANT UPDATE

I WAS JUST THREATENED AND I WANT THIS MATTER LOOKED INTO!

There were several cars picnicking and tailgating in the street with people in the street across from my house. I was filming the activity. They told me to stop. I did not. They then pointed to my address and said "we know where you live." There were further verbal exchanges. Later when I photographed their license plate they became aggressive again. I saw a DOT vehicle and stopped him. He said there was nothing he could do and told me to call 911. I called the ranger station instead thinking that that would be faster. They said they would send someone. They never came. While I was outside waiting Joe Salaices happened to drive by, and we spoke about it and other park issues.

No one should have to live under these conditions. This is my home and I shouldn't have to be enforcing traffic, fire, smoking, and other City regulations. Shame on you! There is no buffer between the park and residential property, and there is no buffer between residents and visitors. This is a ticking time bomb. This entire situation is inappropriate and dangerous. It's like every day you say to us you're not allowed to lock your houses, doors, windows. You're not allowed any safeguards. You must live with the anxiety, and every day and night when you get through and you haven't been robbed or beat up, the City considers it a success. The City just keeps

spinning the chamber of that gun playing Russian Roulette thinking all of this is acceptable.

It is not! Let me make this clear. The visitors are not the problem. The City is. Councilman Ryu you have the power to shut all of this down. We are pleading with you to do it before the explosion—not afterwards.

Sarajane Schwartz

Wednesday, Dec. 30, 2015

The vehicular and pedestrian traffic continues to overwhelm our neighborhood.

I just returned home. I got stuck in gridlock on Beachwood. Then there was a line of cars in each direction filling our narrow streets. After a while I just barely was able to turn into my driveway. Add pedestrians, parked cars, children, infants, and strollers to the mix.

Where else is there a nationally promoted tourist magnet in the middle of a residential extremely high fire risk neighborhood where no parking has been provided, and there aren't even sidewalks with substandard streets???? I want to remind you that this is a residential neighborhood—not a park or an amusement park. This is beyond incompetence. THIS IS UNSAFE. SHUT IT DOWN!!!

Subject: Re: Christmas in Hollywoodland: IMPORTANT UPDATE

Tuesday Dec 29th 2015

The crowds and chaos continue today with enormous numbers of people in the streets fighting for room with parked and moving vehicles.

The fence on my property was again broken by visitors.

Across the street people with an SUV parked entirely in the red except for their front bumper were doing a tailgate and picnicking in the street. I stopped a parking enforcement car, and told them where they were so they could be ticketed. Instead he drove past them twice. I then saw LAPD and told them. They went over, gave him a warning after he had been parked there over a half an hour and had him move. What is our tax payer money going for if enforcement will not ticket tourists? What a waste of resources. I was hopeful that Labonge's "go easy on the tourists policy" had come to an end.

 Subject: Christmas in Hollywoodland: IMPORTANT UPDATE

TODAY, MONDAY DEC. 28TH, CONDITIONS ON UPPER BEACHWOOD DRIVE ARE UNSAFE.

I am requesting that you shut down access to Beachwood Drive and Hollywoodland. I have not driven around the rest of the neighborhood, but I have walked Beachwood Drive north of Ledgewood. It is dangerous. Even our former Councilman would shut things down when they reached these conditions. Will you not do the same?

Upper Beachwood is now one mass parking lot with moving vehicles and pedestrians fighting for space in the narrow area that is left as heavy traffic comes in unpredictable waves. I just saw a man with his very young son walking down the street with a line of eight cars crawling behind them because there is no room. (When I told them about the Canyon Drive entrance with parking lots near wide streets with sidewalks and other infrastructure they were livid!!)

I see a lot more trespassing onto private property including my own because of the lack of space for pedestrians. They are not pleasant when I tell them to move.

For the most part activity up here is legal, but DANGEROUS. WE HAVE NO INFRASTRUCTURE TO ACCOMMODATE ALL OF THESE PEOPLE. THAT IS WHY YOU MUST SHUT DOWN THE MAGNETS OR SHUT DOWN THE NEIGHBORHOOD. You are now responsible for these conditions, and you have the power to make it safe.

 Subject: Re: Christmas in Hollywoodland

I just came in from outside. The DOT officer came in response to my call to ticket the cars. One he did not ticket because a person was sitting inside it which I mentioned is the new thing.

Instead he gave the person several warnings, was about to ticket him, when his friends returned, so he got off. But he had been there for quite a while before enforcement showed up. The limo also got away. While I was outside in the dark I counted almost 50 people walking in the street including almost a dozen kids and a baby stroller. You think conditions here are safe and acceptable? Why do you continue to promote this? Do I keep repeating myself? If so, it is because I am only responding to what I keep seeing.

My husband and I left for a few hours to escape all of the people. We just got back to find **FIVE ILLEGALLY AND UNTICKETED CARS parked in front of our house!!!!** Where is all of this increased enforcement that our tax dollars are paying for? One of them is even a limo. Again look how dark it is and all of these people are still walking around in the street with lots of kids. **THIS ALL HAS TO END BEFORE THAT TRAGEDY HAPPENS.** So far this holiday has been a mismanaged mess!!!

I notice that in a construction zone there are signs posted to the effect that fines for any infraction of traffic laws will be double the usual amount. Maybe instead of Caution on the electronic signs down on Beachwood we should put that same warning.

Ignorance of the law does not pardon the illegal action

There has always been a double standard for tourists. Rangers were told to just give warnings under La Bonge's regime. I think they are operating under the same old rule because nothing since has been mandated.

On Dec 27, 2015, at 3:29 PM, Rose Ware [REDACTED] wrote:

There seems to be a double standard with regard to enforcement of any of the traffic or fire code violations with our LAPD.

I was in my front garden when I heard an officer asking a visitor/tourist to move on that he was parked illegally in a red no stopping zone. The tourist already out of his car tried to debate with the officer that there was no other suitable place to park so he could just take a picture, the officer let him know that if he wrote him up a ticket it would be about \$300 and asked him graciously to move on. I yelled out...Give him the ticket! How else are we to have some order up here if everyone just gets a slap on the hand when they obviously disregard the law when there are signs posted everywhere. If he had gotten the ticket, You know that young tourist would have been upset enough to post it on Instagram or facebook alerting everyone with a copy of his \$300 ticket stating.....it's not worth it!

I was parked with the car running a while back in front of the market to drop off my dry cleaning and a traffic officer hidden behind the parking lot came to give me a ticket, even though I was already back in my car by the time he got there. There was no free pass for me a resident I paid the \$100 ticket and that cured me from trying that again. While I appreciate the work the officers are doing up here today, if someone is parked illegally, or smoking, they need to enforce with the applicable tickets and fines they do not need to give anyone a free pass

Rose Ware

waves.

Westshire Drive—I saw over a dozen illegally unticketed cars—some without permits and some parked in front of no parking signs. I reported it to LAPD that was sitting at the end of Beachwood. They said they would contact parking enforcement.

Deronda—The barricades were knocked over. Cars were going up Deronda. I only went as far as Deronda and Rockciff because I was afraid of being stuck at the end of Deronda. The car in front of me and the car behind me went up there though, so I can only imagine that it was a mess.

Dirt Mullholland—I saw about a half a dozen cars around the entrance. Some had a driver sitting in the car while it was illegally parked waiting for others. This is a new phenomenon that I'm also seeing on Beachwood as people try to get around the no parking signs. I did not park to see what was going on past the barricades because there is no legal place to park, but if it was typical, things there were probably pretty wild.

The View Site—It was filled with hundreds of people and looked like a concert had just let out. The crowds extended from the lower park area where a ranger was standing all the way to the corner of Durand and Mulholland. The view site is no longer just that spot but a whole area that keeps growing and getting worse. I saw LAPD at the top of the hill. Even with enforcement there were illegally parked cars facing the wrong way, and people walking in the street along narrow Mulholland with dogs and baby strollers. Some of this extremely dangerous activity was out of view of LAPD because of all of the blind curves. Enforcement was for the most part inadequate.

Beachwood Drive—It had very heavy car traffic and many, many pedestrians— all in the street. Several times during the day I saw unmarked oversize vans carrying groups of people up the street. I had to call parking enforcement several times just about cars parked illegally in front of my house. In the midst of gusty winds we had to tell people to put out their cigarettes. In an earlier email we had been told by LAFD that the fire danger was low with recent rains. That didn't help the situation a few hours later when a dangerous fire broke out and closed the 101 in Ventura. Of course we didn't have 50 mile per hour winds, but on the other hand we did have significant gusts with people smoking just feet away from homes. The end of Beachwood at Hollyridge was gridlocked as a line of cars waited to turn around at the park entrance. If anyone needed to get up there in an emergency, they would have had much difficulty and delay. Lower Beachwood was filled with parked cars and I experienced delay there because the street is so narrow and people were looking for parking places and trying to park. After dark dozens of visitors walked down in the street.

TODAY, Saturday afternoon, what I witnessed was even worse everywhere because **the crowds were even larger** except at dirt Mulholland where a DOT officer was stationed so I saw no cars blocking that area. What was going on past the blockades I do not know since additional enforcement is needed there to prevent the frequent trespassing and smoking. I did not check on Westshire. As for Deronda, the barricades were up, but at the other end by Rockcliff were several cars illegally parked by no parking signs. The view site was a horrible mess. A ranger sat in his car by the park. People were now climbing across the street, trying to get over fences. We got caught up in gridlock on Canyon Lake Drive. I saw two LAPD officers watching the crowds and chaos. As for Beachwood, it had an unbelievable number of cars gridlocking the end and a constant stream of pedestrians walking in the streets—so many, that at times they were preventing vehicular traffic. At the end of the day when it was dark after 5, they kept coming and illegally parking. My husband is always afraid when he sees me getting car info and the driver is around. As he says "we don't know where they live, but they know where we live." He is afraid of retaliation. And he's right, because right now we have to do a lot of our own

Subject: Christmas in Hollywoodland

I want to give you my Christmas Day report from our neighborhood particularly since you have made the effort and covered the expenses for additional manpower, and you asked for input.

My husband and I went for a drive through the city where everything was closed. It was quiet and there was no traffic. Do you want to know where everyone was? Well not everyone, but thousands who wanted something to do on Christmas rather than staying at home. They were here. We're open 24 hours a day, 365 days a year and this amusement park is free!! That is free to the visitors, but not the taxpayers that have to pay for enforcement that doesn't even scratch the surface for what's really needed, and whose cost will be a drop in the bucket compared to lawsuit payments when that pedestrian gets killed or our houses burn down. Needless to say we were not having a quiet holiday with our families. We never get a day off.

I drove around our neighborhood to see what was going on. I can only report on what I saw at that time—conditions at other times and other locations could have been better or could have been worse. I just know the visitors come in unpredictable

enforcement. We should not have to live like this.

Again, if you think this is an enforcement problem, you need dozens of people up here to do it properly. It's what would be required at any other amusement park or they would be shut down for unsafe conditions by the authorities. And in addition so much of what is dangerous here, you cannot ticket. Thousands of pedestrians in public streets is not safe, and smoking all over this entire neighborhood is a huge problem. The only solution therefore is to shut this all down. Why do you insist on keeping this open? Please give me an answer to what everyone including the enforcement people up here keep asking. I have yet to get an answer that makes any sense. The longer you keep this all open, the worse it gets.. This is the opposite of safety being the priority that you promised us.

Dear Councilman Ryu, Sarah and colleagues,

Like Sarajane, I'm encouraged by the many LAPD, traffic control and parking enforcement officers I see today. Thank you for listening and recognizing that neighborhood safety concerns are not exaggerated. I hope the officers will give tickets rather than warnings. Word of mouth that violators are being ticketed will spread on social media and will, one hopes, encourage responsible behavior on the part of visitors.

One suggestion between today and tomorrow: The officers at the intersection of Beachwood and LedgeWood were unaware of the park's nearby legal entrances. This is not their usual beat, and in the words of one, "It's all Greek to me." I told them about Bronson, Fern Dell and Crystal Springs all of which have parking, toilets and drinking water, and they promised to direct folks to one of those entrances. Is it possible to spread the word so that all of the officers assigned to our area have that information?

Thanks, too, to Heather for reminding us of the City Council resolution that gives CD4 the authority to close things down when our safety is severely compromised. It seems to me that there would be nothing controversial about enforcing a resolution that is already in place on the recommendation of LAPD and LAFD.

Happy New Year to all!

Laura

Dear Sarah and Captain Zarcone,

I appreciate your response in sending Officer Hanna and Officer Ho to my home. I
 thought they both are very fine representatives of LAPD, and I hope they will be in
 our neighborhood for as long as needed.

I want to share with the other residents on this thread that they told me they had
 written a lot of
 citations today and earlier in the day had even made an arrest. We need several

dozen like them here in the neighborhood. Thank you again.

I WAS JUST THREATENED AND I WANT THIS MATTER LOOKED INTO!

There were several cars picnicking and tailgating in the street with people in the street across from my house. I was filming the activity. They told me to stop. I did not. They then pointed to my address and said "we know where you live." There were further verbal exchanges. Later when I photographed their license plate they became aggressive again. I saw a DOT vehicle and stopped him. He said there was nothing he could do and told me to call 911. I called the ranger station instead thinking that that would be faster. They said they would send someone. They never came. While I was outside waiting Joe Salaices happened to drive by, and we spoke about it and other park issues.

No one should have to live under these conditions. This is my home and I shouldn't have to be enforcing traffic, fire, smoking, and other City regulations. Shame on you! There is no buffer between the park and residential property, and there is no buffer between residents and visitors. This is a ticking time bomb. This entire situation is inappropriate and dangerous. It's like every day you say to us you're not allowed to lock your houses, doors, windows. You're not allowed any safeguards. You must live with the anxiety, and every day and night when you get through and you haven't been robbed or beat up, the City considers it a success. The City just keeps spinning the chamber of that gun playing Russian Roulette thinking all of this is acceptable.

It is not! Let me make this clear. The visitors are not the problem. The City is. Councilman Ryu you have the power to shut all of this down. We are pleading with

you to do it before the explosion—not afterwards.

Wednesday, Dec. 30, 2015

The vehicular and pedestrian traffic continues to overwhelm our neighborhood. I just returned home. I got stuck in gridlock on Beachwood. Then there was a line of cars in each direction filling our narrow streets. After a while I just barely was able to turn into my driveway. Add pedestrians, parked cars, children, infants, and strollers to the mix. Where else is there a nationally promoted tourist magnet in the middle of a residential extremely high fire risk neighborhood where no parking has been provided, and there aren't even sidewalks with substandard streets???? I want to remind you that this is a residential neighborhood—not a park or an amusement park. This is beyond incompetence. THIS IS UNSAFE. SHUT IT DOWN!!!

Subject: Re: Christmas in Hollywoodland: IMPORTANT UPDATE

Tuesday Dec 29th 2015

The crowds and chaos continue today with enormous numbers of people in the streets fighting for room with parked and moving vehicles.

The fence on my property was again broken by visitors.

Across the street people with an SUV parked entirely in the red except for their front bumper were doing a tailgate and picnicking in the street. I stopped a parking enforcement car, and told them where they were so they could be ticketed. Instead he drove past them twice. I then saw LAPD and told them. They went over, gave him a warning after he had been parked there over a half an hour and had him move. What is our tax payer money going for if enforcement will not ticket tourists? What a waste of resources. I was hopeful that Labonge's "go easy on the tourists policy" had come to an end.

Subject: Christmas in Hollywoodland: IMPORTANT UPDATE

TODAY, MONDAY DEC. 28TH, CONDITIONS ON UPPER BEACHWOOD DRIVE
 ARE UNSAFE.

**I am requesting that you shut down access to Beachwood Drive and
 Hollywoodland.** I have not driven around the rest of the neighborhood, but I have
 walked Beachwood Drive north of Ledgewood. It is dangerous. Even our former
 Councilman would shut things down when they reached these conditions. Will you
 not do the same?

Upper Beachwood is now one mass parking lot with moving vehicles and pedestrians
 fighting for space in the narrow area that is left as heavy traffic comes in
 unpredictable waves. I just saw a man with his very young son walking down the
 street with a line of eight cars crawling behind them because there is no room. (
 When I told them about the Canyon Drive entrance with parking lots near wide
 streets with sidewalks and other infrastructure they were livid!!)

I see a lot more trespassing onto private property including my own because of the
 lack of space for pedestrians. They are not pleasant when I tell them to move.

For the most part activity up here is legal, but DANGEROUS. WE HAVE NO
 INFRASTRUCTURE TO ACCOMMODATE ALL OF THESE PEOPLE. THAT IS
 WHY YOU MUST SHUT DOWN THE MAGNETS OR SHUT DOWN THE
 NEIGHBORHOOD. You are now responsible for these conditions, and you have the
 power to make it safe.

I just came in from outside. The DOT officer came in response to my call to ticket the cars.

One he did not ticket because a person was sitting inside it which I mentioned is the new thing.

Instead he gave the person several warnings, was about to ticket him, when his friends returned, so he got off. But he had been there for quite a while before enforcement showed up. The limo also got away. While I was outside in the dark I counted almost 50 people walking in the street including almost a dozen kids and a baby stroller. You think conditions here are safe and acceptable? Why do you continue to promote this? Do I keep repeating myself? If so, it is because I am only responding to what I keep seeing.

Subject: Re: Christmas in Hollywoodland

My husband and I left for a few hours to escape all of the people.

We just got back to find **FIVE ILLEGALLY AND UNTICKETED CARS parked in front of our house!!!!** Where is all of this increased enforcement that our tax dollars are paying for?

One of them is even a limo. Again look how dark it is and all of these people are still walking around in the street with lots of kids. **THIS ALL HAS TO END BEFORE THAT TRAGEDY HAPPENS.** So far this holiday has been a mismanaged mess!!!

I notice that in a construction zone there are signs posted to the effect that fines for any infraction of traffic laws will be double the usual amount. Maybe instead of Caution on the electronic signs down on Beachwood we should put that same warning.

Ignorance of the law does not pardon the illegal action

There has always been a double standard for tourists. Rangers were told to just give warnings under La Bonge's regime. I think they are operating under the same old rule because nothing since has been mandated.

On Dec 27, 2015, at 3:29 PM, Rose Ware <[REDACTED]> wrote:

There seems to be a double standard with regard to enforcement of any of the traffic or fire code violations with our LAPD.

I was in my front garden when I heard an officer asking a visitor/tourist to move on that he was parked illegally in a red no stopping zone. The tourist already out of his car tried to debate with the officer that there was no other suitable place to park so he could just take a picture, the officer let him know that if he wrote him up a ticket it would be about \$300 and asked him graciously to move on. I yelled out...Give him the ticket! How else are we to have some order up here if everyone just gets a slap on the hand when they obviously disregard the law when there are signs posted everywhere. If he had gotten the ticket, You know that young tourist would have been upset enough to post it on Instagram or facebook alerting everyone with a copy of his \$300 ticket

stating.....it's not worth it!

I was parked with the car running a while back in front of the market to drop off my dry cleaning and a traffic officer hidden behind the parking lot came to give me a ticket, even though I was already back in my car by the time he got there. There was no free pass for me a resident I paid the \$100 ticket and that cured me from trying that again. While I appreciate the work the officers are doing up here today, if someone is parked illegally, or smoking, they need to enforce with the applicable tickets and fines they do not need to give anyone a free pass

Subject: Christmas in Hollywoodland

I want to give you my Christmas Day report from our neighborhood particularly since you have made the effort and covered the expenses for additional manpower, and you asked for input.

My husband and I went for a drive through the city where everything was closed. It was quiet and there was no traffic. Do you want to know where everyone was? Well not everyone, but thousands who wanted something to do on Christmas rather than staying at home. They were here. We're open 24 hours a day, 365 days a year and this amusement park is free!! That is free to the visitors, but not the taxpayers that have to pay for enforcement that doesn't even scratch the surface for what's really

needed, and whose cost will be a drop in the bucket compared to lawsuit payments when that pedestrian gets killed or our houses burn down. Needless to say we were not having a quiet holiday with our families. We never get a day off.

I drove around our neighborhood to see what was going on. I can only report on what I saw at that time—conditions at other times and other locations could have been better or could have been worse. I just know the visitors come in unpredictable waves.

Westshire Drive—I saw over a dozen illegally unticketed cars—some without permits and some parked in front of no parking signs. I reported it to LAPD that was sitting at the end of Beachwood. They said they would contact parking enforcement.

Deronda—The barricades were knocked over. Cars were going up Deronda. I only went as far as Deronda and Rockciff because I was afraid of being stuck at the end of Deronda. The car in front of me and the car behind me went up there though, so I can only imagine that it was a mess.

Dirt Mulholland—I saw about a half a dozen cars around the entrance. Some had a driver sitting in the car while it was illegally parked waiting for others. This is a new phenomenon that I'm also seeing on Beachwood as people try to get around the no parking signs. I did not park to see what was going on past the barricades because there is no legal place to park, but if it was typical, things there were probably pretty wild.

The View Site—It was filled with hundreds of people and looked like a concert had just let out. The crowds extended from the lower park area where a ranger was standing all the way to the corner of Durand and Mulholland. The view site is no longer just that spot but a whole area that keeps growing and getting worse. I saw LAPD at the top of the hill. Even with enforcement there were illegally parked cars facing the wrong way, and people walking in the street along narrow Mulholland with dogs and baby strollers. Some of this extremely dangerous activity was out of view of LAPD because of all of the blind curves. Enforcement was for the most part inadequate.

Beachwood Drive—It had very heavy car traffic and many, many pedestrians— all in the street. Several times during the day I saw unmarked oversize vans carrying groups of people up the street. I had to call parking enforcement several times just about cars parked illegally in front of my house. In the midst of gusty winds we had to tell people to put out their cigarettes. In an earlier email we had been told by LAFD that the fire danger was low with recent rains. That didn't help the situation a few hours later when a dangerous fire broke out and closed the 101 in Ventura. Of course we didn't have 50 mile per hour winds, but on the other hand we

did have significant gusts with people smoking just feet away from homes. The end of Beachwood at Hollyridge was gridlocked as a line of cars waited to turn around at the park entrance. If anyone needed to get up there in an emergency, they would have had much difficulty and delay. Lower Beachwood was filled with parked cars and I experienced delay there because the street is so narrow and people were looking for parking places and trying to park. After dark dozens of visitors walked down in the street.

TODAY, Saturday afternoon, what I witnessed was even worse everywhere because **the crowds were even larger** except at dirt Mulholland where a DOT officer was stationed so I saw no cars blocking that area. What was going on past the blockades I do not know since additional enforcement is needed there to prevent the frequent trespassing and smoking. I did not check on Westshire. As for Deronda, the barricades were up, but at the other end by Rockcliff were several cars illegally parked by no parking signs. The view site was a horrible mess. A ranger sat in his car by the park. People were now climbing across the street, trying to get over fences. We got caught up in gridlock on Canyon Lake Drive. I saw two LAPD officers watching the crowds and chaos. As for Beachwood, it had an unbelievable number of cars gridlocking the end and a constant stream of pedestrians walking in the streets—so many, that at times they were preventing vehicular traffic. At the end of the day when it was dark after 5, they kept coming and illegally parking. My husband is always afraid when he sees me getting car info and the driver is around. As he says "we don't know where they live, but they know where we live." He is afraid of retaliation. And he's right, because right now we have to do a lot of our own enforcement. We should not have to live like this.

Again, if you think this is an enforcement problem, you need dozens of people up here to do it properly. It's what would be required at any other amusement park or they would be shut down for unsafe conditions by the authorities. And in addition so much of what is dangerous here, you cannot ticket. Thousands of pedestrians in public streets is not safe, and smoking all over this entire neighborhood is a huge problem. The only solution therefore is to shut this all down. Why do you insist on keeping this open? Please give me an answer to what everyone including the enforcement people up here keep asking. I have yet to get an answer that makes any sense. The longer you keep this all open, the worse it gets.. This is the opposite of safety being the priority that you promised us.

To all, today was foreseeable. Why? Because it has happened innumerable before!

How many time have we sat in city Committee meetings, with the mayors staff, with CD4 staff, R&P'S, LAPD, LAFD over the years pleading the case for PUBLIC SAFETY!

Only to have it fall on DEAF EARS!

How much time, money and resources have been expended on this misguided folly?

We asked the former councilman if it would take death for him and the city to take action, his answer, " people die all the time."

I hope that is not still the attitude of the city and it's officials.

Councilman Ryu, the time is NOW, to close this all down at least temporarily until a " long term solution " is found.

We are tired, upset and ANGRY!

Stop the circus!

You have the power!

Do it!

Dear Councilman Ryu, Sarah and colleagues,

Like Sarajane, I'm encouraged by the many LAPD, traffic control and parking enforcement officers I see today. Thank you for listening and recognizing that neighborhood safety concerns are not exaggerated. I hope the officers will give tickets rather than warnings. Word of mouth that violators are being ticketed will spread on social media and will, one hopes, encourage responsible behavior on the part of visitors.

One suggestion between today and tomorrow: The officers at the intersection of Beachwood and Ledgeewood were unaware of the park's nearby legal entrances. This is not their usual beat, and in the words of one, "It's all Greek to me." I told them about Bronson, Fern Dell and Crystal Springs all of which have parking, toilets and drinking water, and they promised to direct folks to one of those entrances. Is it possible to spread the word so that all of the officers assigned to our area have that information?

Thanks, too, to Heather for reminding us of the City Council resolution that gives CD4 the authority to close things down when our safety is severely compromised. It seems to me that there would be nothing controversial about enforcing a resolution that is already in place on the recommendation of LAPD and LAFD.

Happy New Year to all!

Laura

Dear Sarah and Captain Zarcone,

I appreciate your response in sending Officer Hanna and Officer Ho to my home. I thought they both are very fine representatives of LAPD, and I hope they will be in our neighborhood for as long as needed. I want to share with the other residents on this thread that they told me they had written a lot of citations today and earlier in the day had even made an arrest. We need several dozen like them here in the neighborhood. Thank you again.

Wednesday, Dec. 30, 2015

The vehicular and pedestrian traffic continues to overwhelm our neighborhood.

I just returned home. I got stuck in gridlock on Beachwood. Then there was a line of cars in each direction filling our narrow streets. After a while I just barely was able to turn into my driveway. Add pedestrians, parked cars, children, infants, and strollers to the mix.

Where else is there a nationally promoted tourist magnet in the middle of a residential extremely high fire risk neighborhood where no parking has been provided, and there aren't even sidewalks with substandard streets???? I want to remind you that this is a residential neighborhood—not a park or an amusement park. This is beyond incompetence. THIS IS UNSAFE. SHUT IT DOWN!!!.

INTO!

There were several cars picnicking and tailgating in the street with people in the street across from my house. I was filming the activity. They told me to stop. I did not. They then pointed to my address and said "we know where you live." There were further verbal exchanges. Later when I photographed their license plate they became aggressive again. I saw a DOT vehicle and stopped him. He said there was nothing he could do and told me to call 911. I called the ranger station instead thinking that that would be faster. They said they would send someone. They never came. While I was outside waiting Joe Salaises happened to drive by, and we spoke about it and other park issues.

No one should have to live under these conditions. This is my home and I shouldn't have to be enforcing traffic, fire, smoking, and other City regulations. Shame on you! There is no buffer between the park and residential property, and there is no buffer between residents and visitors. This is a ticking time bomb. This entire situation is inappropriate and dangerous. It's like every day you say to us you're not allowed to lock your houses, doors, windows. You're not allowed any safeguards. You must live with the anxiety, and every day and night when you get through and you haven't been robbed or beat up, the City considers it a success. The City just keeps spinning the chamber of that gun playing Russian Roulette thinking all of this is acceptable.

It is not! Let me make this clear. The visitors are not the problem. The City is. Councilman Ryu you have the power to shut all of this down. We are pleading with you to do it before the explosion—not afterwards.

Sarajane Schwartz

Subject: Christmas in Hollywoodland: IMPORTANT UPDATE

TODAY, MONDAY DEC. 28TH, CONDITIONS ON UPPER BEACHWOOD DRIVE ARE UNSAFE.

I am requesting that you shut down access to Beachwood Drive and Hollywoodland. I have not driven around the rest of the neighborhood, but I have walked Beachwood Drive north of Ledgewood. It is dangerous. Even our former Councilman would shut things down when they reached these conditions. Will you not do the same?

Upper Beachwood is now one mass parking lot with moving vehicles and pedestrians fighting for space in the narrow area that is left as heavy traffic comes in unpredictable waves. I just saw a man with his very young son walking down the street with a line of eight cars crawling behind them because there is no room. (When I told them about the Canyon Drive entrance with parking lots near wide streets with sidewalks and other infrastructure they were livid!!)

I see a lot more trespassing onto private property including my own because of the lack of space for pedestrians. They are not pleasant when I tell them to move.

For the most part activity up here is legal, but DANGEROUS. WE HAVE NO INFRASTRUCTURE TO ACCOMMODATE ALL OF THESE PEOPLE. THAT IS WHY YOU MUST SHUT DOWN THE MAGNETS OR SHUT DOWN THE NEIGHBORHOOD. You are now responsible for these conditions, and you have the power to make it safe.

Sarajane Schwartz
Homeowners on Beachwood Drive United

Subject: Re: Christmas in Hollywoodland: IMPORTANT UPDATE

Tuesday Dec 29th 2015

The crowds and chaos continue today with enormous numbers of people in the streets fighting for room with parked and moving vehicles.

The fence on my property was again broken by visitors.

Across the street people with an SUV parked entirely in the red except for their front bumper were doing a tailgate and picnicking in the street. I stopped a parking enforcement car, and told them where they were so they could be ticketed. Instead he drove past them twice. I then saw LAPD and told them. They went over, gave him a warning after he had been parked there over a half an hour and had him move. What is our tax payer money going for if enforcement will not ticket tourists? What a waste of resources. I was hopeful that Labonge's "go easy on the tourists policy" had come to an end.

I just came in from outside. The DOT officer came in response to my call to ticket the cars.
 One he did not ticket because a person was sitting inside it which I mentioned is the new thing.
 Instead he gave the person several warnings, was about to ticket him, when his friends returned,
 so he got off. But he had been there for quite a while before enforcement showed up. The limo also got away. While I was outside in the dark I counted almost 50 people walking in the street including almost a dozen kids and a baby stroller. You think conditions here are safe and acceptable? Why do you continue to promote this? Do I keep repeating myself?
 If so, it is because I am only responding to what I keep seeing.

My husband and I left for a few hours to escape all of the people. We just got back to find **FIVE ILLEGALLY AND UNTICKETED CARS parked in front of our house!!!!** Where is all of this increased enforcement that our tax dollars are paying for?
 One of them is even a limo. Again look how dark it is and all of these people are still walking around in the street with lots of kids. **THIS ALL HAS TO END BEFORE THAT TRAGEDY HAPPENS.** So far this holiday has been a mismanaged mess!!!

I notice that in a construction zone there are signs posted to the effect that fines for any infraction of traffic laws will be double the usual amount. Maybe instead of Caution on the electronic signs down on Beachwood we should put that same warning.

Ignorance of the law does not pardon the illegal action

There seems to be a double standard with regard to enforcement of any of the traffic or fire code violations with our LAPD.

I was in my front garden when I heard an officer asking a visitor/tourist to move on that he was parked illegally in a red no stopping zone. The tourist already out of his car tried to debate with the officer that there was no other suitable place to park so he could just take a picture, the officer let him know that if he wrote him up a ticket it would be about \$300 and asked him graciously to move on. I yelled out...Give him the ticket! How else are we to have some order up here if everyone just gets a slap on the hand when they obviously disregard the law when there are signs posted everywhere. If he had gotten the ticket, You know that young tourist would have been upset enough to post it on Instagram or facebook alerting everyone with a copy of his \$300 ticket stating.....it's not worth it!

I was parked with the car running a while back in front of the market to drop off my dry cleaning and a traffic officer hidden behind the parking lot came to give me a ticket, even though I was already back in my car by the time he got there. There was no free pass for me a resident I paid the \$100 ticket and that cured me from trying that again. While I appreciate the work the officers are doing up here today, if someone is parked illegally, or smoking, they need to enforce with the applicable tickets and fines they do not need to give anyone a free pass

I sent this email to a few yesterday, and today, Sunday, I'm expanding the list. It is another day of dangerous chaos up here that any responsible City entity would be rushing to shut down—legal or not—and in this case most of this is illegal. It is only getting worse. The crowds up here are the worst they have ever been!!!

Subject: Christmas in Hollywoodland

I want to give you my Christmas Day report from our neighborhood particularly since you have made the effort and covered the expenses for additional manpower, and you asked for input.

My husband and I went for a drive through the city where everything was closed. It was quiet and there was no traffic. Do you want to know where everyone was? Well not everyone, but thousands who wanted something to do on Christmas rather than staying at home. They were here. We're open 24 hours a day, 365 days a year and this amusement park is free!! That is free to the visitors, but not the taxpayers that have to pay for enforcement that doesn't even scratch the surface for what's really needed, and whose cost will be a drop in the bucket compared to lawsuit payments when that pedestrian gets killed or our houses burn down. Needless to say we were not having a quiet holiday with our families. We never get a day off.

I drove around our neighborhood to see what was going on. I can only report on what I saw at that time—conditions at other times and other locations could have been better or could have been worse. I just know the visitors come in unpredictable waves.

Westshire Drive—I saw over a dozen illegally unticketed cars—some without permits and some parked in front of no parking signs. I reported it to LAPD that was sitting at the end of Beachwood. They said they would contact parking enforcement.

Deronda—The barricades were knocked over. Cars were going up Deronda. I only

went as far as Deronda and Rockciff because I was afraid of being stuck at the end of Deronda. The car in front of me and the car behind me went up there though, so I can only imagine that it was a mess.

Dirt Mullholland—I saw about a half a dozen cars around the entrance. Some had a driver sitting in the car while it was illegally parked waiting for others. This is a new phenomenon that I'm also seeing on Beachwood as people try to get around the no parking signs. I did not park to see what was going on past the barricades because there is no legal place to park, but if it was typical, things there were probably pretty wild.

The View Site—It was filled with hundreds of people and looked like a concert had just let out. The crowds extended from the lower park area where a ranger was standing all the way to the corner of Durand and Mulholland. The view site is no longer just that spot but a whole area that keeps growing and getting worse. I saw LAPD at the top pf the hill. Even with enforcement there were illegally parked cars facing the wrong way, and people walking in the street along narrow Mulholland with dogs and baby strollers. Some of this extremely dangerous activity was out of view of LAPD because of all of the blind curves. Enforcement was for the most part inadequate.

Beachwood Drive—It had very heavy car traffic and many, many pedestrians— all in the street. Several times during the day I saw unmarked oversize vans carrying groups of people up the street. I had to call parking enforcement several times just about cars parked illegally in front of my house. In the midst of gusty winds we had to tell people to put out their cigarettes. In an earlier email we had been told by LAFD that the fire danger was low with recent rains. That didn't help the situation a few hours later when a dangerous fire broke out and closed the 101 in Ventura. Of course we didn't have 50 mile per hour winds, but on the other hand we did have significant gusts with people smoking just feet away from homes. The end of Beachwood at Hollyridge was gridlocked as a line of cars waited to turn around at the park entrance. If anyone needed to get up there in an emergency, they would have had much difficulty and delay. Lower Beachwood was filled with parked cars and I experienced

delay there because the street is so narrow and people were looking for parking places and trying to park. After dark dozens of visitors walked down in the street.

TODAY, Saturday afternoon, what I witnessed was even worse everywhere because **the crowds were even larger** except at dirt Mulholland where a DOT officer was stationed so I saw no cars blocking that area. What was going on past the blockades I do not know since additional enforcement is needed there to prevent the frequent trespassing and smoking. I did not check on Westshire. As for Deronda, the barricades were up, but at the other end by Rockliff were several cars illegally parked by no parking signs. The view site was a horrible mess. A ranger sat in his car by the park. People were now climbing across the street, trying to get over fences. We got caught up in gridlock on Canyon Lake Drive. I saw two LAPD officers watching the crowds and chaos. As for Beachwood, it had an unbelievable number of cars gridlocking the end and a constant stream of pedestrians walking in the streets—so many, that at times they were preventing vehicular traffic. At the end of the day when it was dark after 5, they kept coming and illegally parking. My husband is always afraid when he sees me getting car info and the driver is around. As he says "we don't know where they live, but they know where we live." He is afraid of retaliation. And he's right, because right now we have to do a lot of our own enforcement. We should not have to live like this.

Again, if you think this is an enforcement problem, you need dozens of people up here to do it properly. It's what would be required at any other amusement park or they would be shut down for unsafe conditions by the authorities. And in addition so much of what is dangerous here, you cannot ticket. Thousands of pedestrians in public streets is not safe, and smoking all over this entire neighborhood is a huge problem. The only solution therefore is to shut this all down. Why do you insist on keeping this open? Please give me an answer to what everyone including the enforcement people up here keep asking. I have yet to get an answer that makes any sense. The longer you keep this all open, the worse it gets.. This is the opposite of safety being the priority that you promised us.
